The Handbook of Contemporary Clinical Hypnosis

Theory and Practice

EDITED BY LES BRANN, JACKY OWENS AND ANN WILLIAMSON

The Handbook of Contemporary Clinical Hypnosis is an up-to-date, authoritative resource designed to underpin the use of clinical hypnosis within the medical and psychological fields, and to support training and research in the area. Published in association with the British Society of Clinical and Academic Hypnosis (BSCAH), the book draws on the expertise and experience of a wide range of health professionals including doctors, dentists, nurses, psychologists and counsellors, all of whom use hypnosis techniques in their practice.

This unique collection is an invaluable resource for those interested in acquiring the basic skills of hypnosis, as well as those exploring more advanced applications in specialized areas. Written by clinicians for clinicians, *The Handbook of Contemporary Clinical Hypnosis* is the definitive reference text for our current understanding of hypnosis and its application in clinical settings.

Editors

Les Brann is President of the British Society for Clinical and Academic Hypnosis (BSCAH), and Clinical Lead for Chelmsford Medical Hypnosis Unit, UK. He is the author of *Just Close Your Eyes and Relax* (1988).

Jacky Owens is President of the Royal Society of Medicine's Section of Hypnosis and Psychosomatic Medicine. She is an independent practitioner, and runs a company providing holistic services and support for cancer sufferers.

Ann Williamson has used hypnosis for more than 15 years to tackle stress and anxiety. An accredited member of BSCAH, she is the author of several books including *Brief Psychological Interventions in Practice* (Wiley-Blackwell, 2008).
